Stark County Agriculture Education Rules

Submitted by Scott Fairfield and used in cooperation with the University of Illinois at Urbana-Champaign.

The materials that appear in this document may be freely reproduced for educational/training activities. There is no requirement to obtain special permission for such uses. We do, however, ask that the following statement appear on all reproductions:

STARK COUNTY AGRICULTURE EDUCATION RULES, by SCOTT FAIRFIELD

Materials produced for classroom use in conjunction with permission from the University of Illinois Agricultural Education Program.

This permission statement is limited to the reproduction of material for educational/training events. Systematic or large-scale reproduction or distribution (more than one hundred copies per year)—or inclusion of items in publications for sale—may be done only with prior written permission. Also, reproduction on computer disk or by any other electronic means requires prior written permission. Contact the University of Illinois Agricultural Education Program to obtain special permission.

The University of Illinois and its affiliated entities, in addition to the individual submitting the materials, assumes no liability to original work or activities therein.
Stark County Agriculture Education Department

Rules and Guidelines

1) You must be in your seat when the bell rings or you are considered late by the instructor. If you realize you will be late, obtain a written pass from your previous class instructor or the high school office.

2) Only the office can permit a student to leave the building during the day anywhere including the parking lot.

3) Everybody needs to bring to class on a daily basis: pen or pencil, paper or notebook, textbook, completed assignments, and a smile on your face.

4) Detentions may be assigned when required within the agriculture education department. Detentions are served 3:09 – 4:09 p.m. in the agriculture classroom on Tuesdays and Thursdays.

5) There is a telephone in the agriculture department office for emergency use only.

6) Students must obtain passes to see other teachers prior to presenting these passes to Mr. Fairfield. The assignment notebook is used for passes. Guard the notebook with your life!

7) Gatorade and water are the only food items allowed in the agriculture classroom and lab areas. Gum is allowed until I step on a piece on the floor. Please use the waste containers and we will have no issues with these items.

8) Please push your chairs back in when you exit the classroom. The final class period of the day will place chairs on top of the desks when the bell rings to end the day.

9) No hats or headgear are allowed in the school building as well as the agriculture department. There will be exemptions to this rule during the year. Stay tuned!
10) Students may leave the classroom and lab/shop only with the permission of Mr. Fairfield. If an office runner comes to get you, make sure Mr. Fairfield knows before you leave the room.

11) Restroom visits need to be taken care of during the four minute passing time between classes. If a restroom visit is going to make you late for class, please inform Mr. Fairfield before you visit the restroom. There is a restroom in the agriculture shop for student use.

12) Computers may be used during class time only with the permission of Mr. Fairfield. Students must have permission to bring software or to download materials from the internet. Mr. Fairfield or a SCHS faculty/staff member must be present in order for students to be using the agriculture department desktop and laptop computers. Refer to high school handbook for acceptable use policy.

Remember, Mr. Fairfield does not get angry, Mr. Fairfield gets concerned. To reduce or eliminate his level of concern, the student must do the following:

1) Follow all rules and guidelines correctly like a good citizen.
2) Be prompt!
3) Be prepared!
4) Be a sponge! Have an open mind and you just might learn something!
5) Welcome back and have a great year or any kind of year you want!

Mr. Scott Fairfield
